

## July 2018 - Mark Sanger

Unfortunately I was not able to attend this demo to take notes and pictures due to a small op that I had that day. This was a particular disappointment to me as I always look forward to and learn a lot from Mark's demos and by all accounts he did not disappoint the club members. He made a small lidded vase in oak and then made a three legged stand, stained black, to put it on.

Thanks to Mark and apologies for not being in a position to provide further details - in fact I wasn't in a position to do anything that day!

**BUT** - all is not lost. A full description of the making of the Japanese vessel on a stand can be found in Woodturning 319 - June 2018
